Springfield politicians want to get rid of the flat tax...

To make it easier to increase your taxes...

They want a blank check from Illinois taxpayers!

Call Representative Mary Edly-Allen at (224) 206-7647
Tell her a graduated income tax is NOT good for Illinois.
Whenever Springfield politicians want to spend more money ... THEY TRY TO INCREASE OUR TAXES.

- **Illinois lawmakers approve 32% income tax hike**
  

- **Illinois lawmakers consider a plastic bag tax**
  

- **Illinois gas tax would double under new bill**
  

- **Lawmakers in Illinois consider taxing online streaming services**
  

Which do you think they’ll choose?

A graduated income tax makes it easier for Springfield politicians to **raise taxes**.
